The Big Bird Box and Feeder Competition

We are looking to increase the wildlife at Barnes Farm for us all to enjoy. There are never enough holes and hideaways where wildlife can shelter, however we can help them by making a nest box and putting out food.

If you'd like to help the birds around our school, why not have a go at making your own nest box or bird feeder? We would love to choose our best examples to share with RSPB! Here are some links to help get you started;

Please ASK AN ADULT TO HELP. You may need to use tools that could hurt you

We would love for these to be hung up in and around our school site after Easter, so please remember to include a hook or bracket. You have plenty of time to design and get creative!

Have fun,
Mrs Jordan
