14th June 2019

Barnes Farm Early Birds and Night Owls (EBNO)

Dear Parents/Carers,

I am writing to inform you that as of **1st September 2019** Barnes Farm Infant School will be running the before and after school clubs for both the infant school and junior school. This has been the result of many months of planning between Barnes Farm Junior School and Barnes Farm Infant School. The new provision will be split across both school sites. The infant provision will continue to run from the Owlets classroom, whereas the junior provision will run from The Barn.

Both schools see many benefits of one school running the provisions, including a single point of contact for parents/carers with pupils in both schools, shared resources and staffing flexibility over the two sites.

Barnes Farm Junior School have invested a considerable amount of resources preparing for the new after school club. This has included new cupboard storage space within The Barn and a new external shed to store outside equipment.

For those parents/carers that are currently using the junior school before school club, a member of Barnes Farm Infant School staff will contact you shortly to confirm your interest ready for the start of September 2019.

Those infant parents/carers that have registered an interest for spaces in the infant EBNO will be contacted shortly by the school to confirm next steps.

If you are interested in EBNO provision, please download the application pack from either schools' website and return to the infant school office.

Headteacher: Mrs Z Farmer
Deputy Headteacher: Mrs E Speller

Proud to be part of the 

Barnes Farm Infant School

Both Barnes Farm Infant School and Barnes Farm Junior School are excited about the prospect of offering this additional service to the pupils of both schools and hope that this continues to strengthen the overall provision on offer to our families.

Any queries relating to the above can be emailed to ebno@barnesfarm-inf.essex.sch.uk

Yours faithfully,

Mrs Farmer
