

Safer Internet Day Assembly

twinkl

Aims

- To know the purpose of the annual Safer Internet Day
- To understand the theme, 'Together for a better internet'
- To understand my online identity and how to keep safe online

Word Check!

 Let's check your understanding of these key words:

internet

identity

avatar

messaging

email

online

app

profile

What Is Safer Internet Day?

- Safer Internet Day is celebrated in over a hundred countries across the world on Tuesday 11th February 2020.
- The theme this year is 'Together for a better internet'.

What Do You Use the Internet For?

- The internet is an amazing place!
- In our real lives, it provides us with entertainment, allows us to communicate and helps us learn new things.

Who Can Use the Internet?

- Can you think of examples of people who use the internet?
- Many people across the world use the internet every day.
- By the end of 2019, four and a half billion (4,500,000,000) people were using the internet. That is nearly 6 out of every 10 people in the whole world.

How Do We Access the Internet?

- We can use lots of different devices to access the internet.
- How many can you think of?
- Did you think of all these?

How Would You Feel if the Internet Was Turned Off?

What Is Your Online Identity?

- When we go online, we have an online identity.
- This is information about ourselves, our likes, what we share and how we talk to others.
- On some apps, we can make an avatar or a profile that other people online can see.
- Watch this film from the Safer Internet Website:

A profile card for Sarah Bailey. On the left is a square avatar of a young woman with long brown hair, wearing a patterned top. To the right of the avatar, the name "Sarah Bailey" is written in a large, black, sans-serif font. Below the name is a small red and white flag icon followed by the text "London". Underneath that is the email address "sarah.l.bailey@email.mail". To the right of the profile card is a teal speech bubble containing the text "Click here".

This Is Me

- What do you like to do online?
- Who likes to do the same/different?
- Is it OK for people to like different things online?
- **What could we do to make the internet better?**

Together for a Better Internet

The theme this year asks us to work together to make an internet where we are free to be ourselves. We are #freetobeme!

When we go online, we should make sure that everyone is free to be:

Kind

Helpful

Happy

Respectful

Honest

Different

Themselves

How Can We Stay Safe?

- Sometimes, we might watch or read something that makes us feel sad, worried or confused.
- There are lots of things we can do if this happens. We can...

tell an adult

report

save the evidence

block

help

What Would You Do If...

You are in a group chat and someone else is unkind and removes your friend from the chat?

You put up a new profile picture but people make rude comments about it?

Somebody online comments that you can't do something 'because you are a girl (or a boy)'?

Together for a Better Internet

Remember, we all need to work together for a safer, better internet.
